Here is what we are asking:

1. Preserve funding and create further local, state and national Housing Trust Funds that fund housing solely for extremely low to moderate income households.
2. Stop ordinances, policies and practices that 1) criminalize and harrass people who are unhoused, 2) promote racial discrimination, or 3) prevent equal treatment of immigrants and those who identify as LGBTQ.
3. Ensure that safety net programs like food assistance, healthcare and emergency housing are available to any Americans residents in need of support.
